

DRIVEN BY POSSIBILITY™

LAWN & GARDEN BELTS THE GRASS IS ALWAYS GREENER WITH GATES

Gates lawn, garden and professional landscaping solutions are designed to take on nature's toughest landscaping tasks. Our premium-quality parts are built for your winter snowblowers and backyard riding mowers, and commercial-grade equipment used on athletic facilities, universities, golf-courses and other landscaped areas to keep the grounds in tip-top shape. Learn more about how our solutions can give you the power to keep your grounds looking great.

Affordable Quality

Gates lawn and garden belts offer premium performance at an affordable price, up to 30% less than the cost of the original equipment manufacturer replacement part.

Expansive Application Coverage

Gates has over 660 lawn & garden belts that match over 100 original equipment manufacturer specifications, simplifying your search so you can be sure you have the right part. Search for the right BladeRunner™, TruFlex™ or PoweRated™ belt for your equipment at navigates.gates.com

Increased Uptime

Sourcing the right replacement belt to get your equipment up and running can be difficult. It's not guaranteed that the nearest mower maintenance shop will have it in stock, and buying online means you will have to wait. But a quick trip to your local auto parts store for the right Gates lawn & garden belt will have you back on track in no time, saving you both time and money.

Premium Reliable Performance

75% of new mowers require applicated belts that perform at specs higher than ever, especially commercial mowers. Trust the quality of Gates lawn and garden belts that are manufactured to exactly match the composition, construction and fit of your original equipment for the performance to keep your operation a cut above.
